## PROPOSITION REJECTED

DEMOCRATIC SENATORIAL CAU-  
CUS DECIDES AGAINST TWO  
NEW STATES.

## TAKE POSITIVE GROUNDS

All the Speakers Emphatically Pro-  
test Against Putting Statehood Bill  
on Any Appropriation Measure as a  
Rider—One Senator States Reason  
for the Action of the Democrats on  
the Compromise Submitted.

Washington, Feb. 25.—The Demo-  
cratic senatorial caucus during the day  
rejected the two-state proposition for  
the admission of new states, submit-  
ted by the Republicans. The matter  
further negotiations was left with  
the Democratic members of the com-  
mittee on postoffices, which has  
charge of the appropriation bill with  
the statehood rider. It has been  
agreed, however, to withdraw the rider.  
The Democrats will not accept  
anything on a basis of two states.

All the speakers in the caucus took  
positive grounds against the compro-  
mise proposition and several of them  
spoke emphatically against the propo-  
sition to put the statehood bill on any  
of the appropriation bills as a rider.  
At the same time, they favored plac-  
ing the future course of the party in  
reference to the bill as such and also  
a rider in the hands of the Democratic  
members of the committee on post-  
offices.

Democratic Position Stated.  
A Democratic senator who is a mem-  
ber of the committee on territories,  
gave out the following for publicity:  
"The Democratic caucus rejected  
the proposed compromise statehood  
bill for the following reasons: When  
Arizona and New Mexico were made  
territories their institutions were es-  
tablished for ultimate statehood pur-  
poses, and the expectations of the peo-  
ple have been to that end ever since.  
It would be unjust to discriminate.  
"The proposed state would be as  
large as Texas, and Texas is too large  
for convenient government. The peo-  
ple of Arizona are opposed to consoli-  
dation with New Mexico.

"The provisions in the consolidation  
bill for ultimate separate statehood  
are a snare. The question of separa-  
tion into two states must be submit-  
ted to the voters of the entire state  
and experience has taught that after  
the interests of any area have been  
consolidated as a single state a ma-  
jority cannot be secured.

Each Entitled to Statehood.  
"The Democrats have stood for the  
statehood bill as it passed the house.  
They believe that each is entitled to  
statehood and they have stood loyally  
by the Republican minority in their ef-  
forts to give them statehood, but they  
will not inflict the injustice that prob-  
ably never can be repaired of forcing  
the people of the two territories into  
a state so large that it would forever  
continue a burden they should not  
bear."

After the adjournment of the caucus  
the Democratic members of the com-  
mittee on postoffices met the Repub-  
lican members of that committee who  
have been friendly to statehood. They  
decided to continue the fight for the  
omnibus bill as it came from the  
house, without amendment, but not to  
antagonize appropriation bills or ex-  
ecutive business with it.

The Republicans have decided to

present their compromise bill to the  
senate. The indications are very  
strong that the question will receive  
very little if any modification during  
the session, and even the best friends  
of statehood generally admit that there  
is no chance for success at this time.

## REIGN OF KING IS OVER.

New Orleans Carnival Closes in a  
Blaze of Glory.

New Orleans, Feb. 25.—The carnival  
closed at night in a blaze of glory.  
In order of attendance of strangers it  
has been the most successful ever  
held, while the pageants were on a  
scale of great artistic splendor. The  
parade at night was by the Mystic  
Krewe of Comus. Its title was "A  
Leaf From the Mahabharata," and it  
illustrated in twenty superb floats the  
great epic poem of the Hindus.

The culminating society event of  
the season was the ball of Comus at  
the French Opera House. The curtain  
rose upon a picturesque tableau  
revealing Comus on a throne of light  
and the masked krewe grouped on  
either side. Comus chose for his  
queen Miss Myrtle Stauffer.

## Distinguished Visitors Present.

Miss Alice Roosevelt was present  
and was again the object of much at-  
tention. Admiral and Mrs. Schley  
and General Joseph Wheeler and his  
daughters were among the guests.  
Rex held his ball in Washington ar-  
tillery hall, temporarily converted  
into a carnival palace. There was a  
great crush of the king's subjects.  
Miss Ingersoll Minge was chosen  
queen of the carnival and several so-  
ciety girls served as her attendants.  
After midnight there was an exchange  
of visits between Comus and Rex and  
their courts.

Admiral Rivet and officers of the  
French cruiser Tage attended the  
Comus ball.

## FACES EIGHT COUNTS.

Bills of Information Filed Against  
Alleged Train Robber.

Butte, Mont., Feb. 25.—George Cole,  
the alleged train robber, faced eight  
different counts in as many bills of  
information filed against him during  
the day. There is one count of rob-  
bery, in which the man with the gun  
is accused of taking 73 cents from the  
person of V. M. Bell. Most of the  
other charges are for assault in the  
first degree on the persons of George  
Ott and other members of the train  
crew, who, it is charged, were shot  
by Cole.

## ITALIANS MAY FIGHT.

Several Duels Expected as Result of  
Disorders in the Chamber.

Rome, Feb. 25.—Several duels be-  
tween deputies are expected as the  
outcome of a disorderly scene in the  
chamber in the afternoon. A heated  
debate followed an interpellation by  
Signor Montignarier, upon the al-  
leged expulsion of Italian subjects in  
Austria. The Republicans and Con-  
servatives indulged in violent re-  
markings and the sitting had to be  
temporarily suspended.

## TWELVE FIREMEN BRUISED.

Cornice Falls With Them at a Connec-  
ticut Blaze.

Bridgeport, Conn., Feb. 25.—Fire  
partially destroyed the new brick car  
barn at the new winter quarters of  
the Barnum and Bailey circus here  
during the day and burned a number  
of cars belonging to the circus. The  
loss is estimated at \$100,000, on which  
there is an insurance of \$33,000. The  
fire was caused by a lamp falling to  
the floor in the midst of a quantity of  
benzine and other inflammable mate-  
rial. While the fire was at its height  
a cornice fell, carrying to the ground  
with it twelve firemen who were at  
work on the roof. The men were not  
considerably bruised, but were not  
otherwise injured.

## REVOLUTION IN CHINA

UPRISING IN SOUTHERN PORTION  
OF FLOWERY KINGDOM GROW-  
ING MORE SERIOUS.

## KWANGSI REBELS' VICTORY

They Defeat Battalions Sent to the  
Uran Frontier, Cross Into the Prov-  
ince and Pillage Farms—Advices  
From Hong Kong Tell of Contem-  
plated Attack on Canton—Rebel  
Junta Raided at Hong Kong.

Victoria, B. C., Feb. 25.—The rev-  
olutionary movement in South China  
is growing more serious, according to  
advices received during the day by  
the steamer Kagu Maru. The Kwang-  
si rebels have defeated the battalions  
sent to the Uran frontier and crossed  
into the province. Here they were  
joined in pillaging the frontier towns  
by numbers of Kalaohuis.

Advices from Hong Kong tell of a  
contemplated attack on Canton. Ser-  
ious developments of a revolutionary  
character have occurred lately. The  
Hong Kong government, acting on in-  
formation received from the Chinese  
government, arrested eight Chinese in  
a raid on the rebel junta in Hong  
Kong, the leaders escaping with 11  
others who were in the place. The  
rebel junta was within a stone's throw  
of the police headquarters at Hong  
Kong. The police found papers which  
showed that an attack on Canton was  
planned. Uniforms, arms and ban-  
ners were also found. The plans in-  
cluded the murder of two of the chief  
mandarins of Canton.

## Influential Chinese Guilty.

Several influential Chinese at Hong  
Kong were connected with the move-  
ment. Advices were received from  
Cheng Tu that the rebels of Szechu-  
an, led by Boxers, have succeeded in  
making their way to Yunnan.

The British American and French  
soldiers at Peking have lodged a pro-  
test with the Chinese government  
against the transfer of Yunnan, owing  
to his foreign prejudices.

The Lorch-on-Fat, which trades  
between Canton and Hong Kong has  
been pirated. In the scuffle which en-  
sued nine captures were effected, one  
man was killed and Mr. Morrison,  
British vice surveyor, wounded. The  
captured pirates were all beheaded at  
Canton.

Japanese papers protest at the fre-  
quent violations of the Chinese pro-  
tocol by Germany in allowing the smug-  
gling of arms and war munitions into  
China at Ching Wanto Island.

A serious famine prevails in the  
prefecture of Aomori, in Japan. Great  
distress prevails and in some  
places, poorer families are eating dog  
and cat flesh, and Japanese papers  
say rats are also being eaten by some.

## SITUATION IN CHINA.

Importation of Arms a Grave Menace  
to Peace of the World.

Washington, Feb. 25.—Representa-  
tions have been made to the state de-  
partment by the Russian ambassador,  
Count Cassini, regarding the increas-  
ing seriousness of the situation in  
China, in the hope of that the United  
States will co-operate with the other  
powers to stop the illegal importation  
of arms which has reached an alarm-  
ing stage of activity. Similar repre-  
sentations have been made through  
the Russian representatives to Bel-  
gium, Germany and Great Britain. The  
Chinese officials claim they are power-  
less to stop the practice, and the Rus-  
sian government, in the interest of  
peace, has called the matter to the  
attention of the powers.

## Hay and Cassini Confer.

Secretary Hay and the Russian am-  
bassador have had several conferences  
on the matter, but it has not been de-  
cided just what course the United  
States, under the Constitution, can  
take toward preventing the exporta-  
tion of arms. It is probable that the  
only relief lies in special legislation  
by congress, which is deemed impos-  
sible at this session. The Belgians  
are the chief offenders in this illegal  
practice, though it is said many arms  
are entering China from the United  
States, Germany and Great Britain.  
Ambassador Cassini, who has spent  
many years in China and is responsi-  
ble in a great degree for the success  
of the Russian policy there, regards  
the Chinese situation as deserving of  
the serious and immediate considera-  
tion of the powers. Reports received  
at the state department also indicate  
that mischief is being wrought by the  
importation of arms into China.

## SOME CLAUSES OBJECTIONABLE.

But Turkey May Grant Demands of  
Powers for Reform.

Constantinople, Feb. 25.—The de-  
mands of the powers for reforms in  
Anatolia were considered at a cabi-  
net council during the day, after  
which the foreign minister visited the  
Russian and Austrian ambassadors  
and informed them the Turkish cabi-  
net objects to the extensive powers  
given to the inspector general, and also  
objected to some of the financial pro-  
posals. Otherwise, the foreign min-  
ister stated, the scheme had received  
approval of the cabinet and it would  
shortly be put into operation.

## INDIANOLA CASE.

Mississippi Postoffice Matter Occupies  
the Time of the Senate.

Washington, Feb. 25.—The Indian-  
ola, Miss., postoffice case occupied the  
major portion of the senate's time  
during the day. Mr. Tillman spoke  
for three hours in continuation of his  
remarks begun Monday on the race  
question, and was followed by Mr.  
Carmack of Tennessee.

During the morning hour several  
bills and resolutions were passed and  
consideration was given the bills to  
further provide for the safe keeping  
of public money on deposit in national  
banks. The agricultural appropri-  
ation bill was also considered and the  
committee amendments agreed to, ex-  
cept the statehood, which was passed  
over.

The senate adjourned to meet at 11  
o'clock a. m., which, until otherwise  
ordered, will be the hour for conven-  
ing hereafter.

The order of business in the senate  
for the remainder of the session has  
been quite definitely decided on. Ap-  
propriation bills will be given the  
right of way and the Panama canal  
treaty will be considered while the  
appropriation bills are in conference.  
There will be an effort made to get  
through other bills, including Senator  
Aldrich's bond deposit bill.

## NEW YORK POSTOFFICE.

Cabinet Considers Commissioners' Re-  
port on the Subject.

Washington, Feb. 25.—The cabinet  
among other topics during the day  
considered the report of the commis-  
sion created by congress to acquire a  
site for a postoffice building in New  
York City. The commission was com-  
posed of three members of the cabi-  
net and after the president and his  
advisers had heard the report read it  
was transmitted to the house of rep-  
resentatives by Secretary Shaw. The  
salient feature of the report is a rec-  
ommendation that postoffice build-  
ings be erected over the underground rail-  
way tracks of the Pennsylvania and  
New York Central railways in New  
York City. The commission says that  
few sites were offered to it and that  
of the many suggested, condemnation  
proceedings would be necessary in all  
the cases in order to secure title.

Senator Platt of New York during  
the day offered an amendment to the  
sundry civil bill appropriating \$2,000-  
000 toward the erection of a new  
postoffice building in New York, his  
purpose being to carry out the com-  
mittee's recommendations.

## PHILIPPINE CURRENCY BILL.

House Passes Senate Measure Relat-  
ing to the Islands.

Washington, Feb. 25.—The house  
during the day passed the Philippine  
currency bill, accepting the senate bill  
so far as it relates to the islands.

The committee amendment striking  
out the international monetary con-  
ference was agreed to. The contest-  
ed election case of Wagoner vs. But-  
ler was under consideration for a time  
and the Democrats began a filibuster,  
which they threaten to continue if the  
case is pressed. The case was with-  
drawn with an agreement that it is  
not to come up until Thursday.

## CHANGE THEIR PLANS.

Senators Agree to Withdraw Omnibus  
Statehood Bill as a Rider.

Washington, Feb. 25.—It has been  
agreed to withdraw the omnibus  
statehood bill as an amendment to the  
postoffice and agricultural appropri-  
ation bills.

The statehood bill will be kept be-  
fore the senate but not to interfere  
with appropriation bills.

## ABANDONS MONT ALBAN.

San Miguel's Force of Insurgents Flees  
to Morong Mountains.

Manila, Feb. 25.—General San Mi-  
guel's force of insurgent ladrones  
has abandoned Mont Alban, fifteen  
miles from here, and probably has  
fled to the Morong mountains. Re-  
ports from Bosoboso indicate the  
presence of ladrones in that vicinity.  
Reinforcements for the government  
troops reached Mont Alban too late  
and failed to overtake the retreating  
ladrones. San Miguel has about 300  
men with him. It is not believed that  
they can subsist for any length of  
time in the mountains. The govern-  
ment is preparing to occupy the val-  
leys and passes and force San Miguel  
to fight or disband his followers.

## Only Fifteen Captured.

Later reports indicate that only  
fifteen of the government troops  
(scouts and constabulary) were cap-  
tured Saturday and Sunday when the  
ladrones surrounded the towns of  
Cainta and Tay-Tay, eleven miles from  
Manila. These men, as cabled Feb.  
22, were subsequently released by the  
ladrones after they had given up their  
arms.

Detachments of constabulary and  
scouts encountered bands of the enemy  
on Saturday and a series of skirmishes  
ensued. The government forces were  
victorious.

San Miguel has issued a manifesto  
directing his adherents to avoid a con-  
flict with the Americans and to con-  
tend themselves with harassing the  
police.

## FORMAL CHARGE FILED.

Washington Judge Accused of Solicit-  
ing Bribes.

Olympia, Wash., Feb. 25.—A formal  
charge against Judge Louis Levy of  
King county was filed in the house  
during the day accusing him of sol-  
iciting bribes in connection with the  
investigation of the state printing con-  
tract. The speaker appointed a com-  
mittee of five to investigate the  
charges.

## PRESIDENT JACKSON'S PAPERS.

Voluminous Collection Presented to  
Library of Congress.

Washington, Feb. 25.—The collec-  
tion of papers of President Jackson,  
which were in the possession of Mont-  
gomery Blair, postmaster general in  
President Lincoln's cabinet, and on his  
death passed to his four children, have  
been given to the library of congress.  
These papers are very voluminous,  
comprising thousands of manuscripts  
and volumes. They include not mere-  
ly letters to and from President Jack-  
son, but muster rolls, military reports  
and various memoranda.

## ATTENTION FOR REBELS.

General Secretary Chamberlain In-  
dicates if May 1861 Be Granted,  
Feb. 25.—Speaking at  
a public dinner at which  
the American and several foreign con-  
suls were present, Colonial Secretary  
Chamberlain intimated that before  
long all the rebels would be arrested.

## Three Wounded in a Fight.

Cincinnati, Feb. 25.—While a dance  
was in progress at the home of Sarah  
Anderson in Covington, Ky., a fight  
arose among the guests present, and  
James England was fatally shot.  
Two others were wounded slightly.

## MRS. HELENA BLAU,

Young Milwaukee Society Woman.

**T**EN thousand cured  
women have written  
to tell how Wine of  
Cardui bestows the  
blessing of health on every  
woman who takes it, rich  
and poor alike. Mrs.  
Helena Blau, No. 123 Sev-  
enth Street, Milwaukee,  
Wis., is one of the young  
women whom Wine of Car-  
dui has rescued from a life  
of suffering. She writes:

Mrs. Helena Blau.

"Wine of Cardui is certainly 'worn  
out' women's best friend and I am pleased  
to give my experience with it. A few  
months ago I caught a severe cold, hav-  
ing been out in inclement weather, which  
settled all over me, particularly in the  
abdomen. I was in almost constant pain.  
I consulted a physician and took his  
medicine for a month and without any  
relief. I then decided I would try your  
medicine and it was a lucky day for me  
when I did so. I noticed a change in a  
few days and felt encouraged to continue  
taking Wine of Cardui, and my patience  
was rewarded, for in two weeks my pains  
had left me and I felt like a new woman."

The woman who has suf-  
fered from female weakness  
should do anything within  
reason to secure health.  
Wine of Cardui is the medi-  
cine that appeals to reason-  
able women—women who  
hold operations and cutting  
in horror—women who know  
that Nature is the best phy-  
sician. Wine of Cardui  
gives women back their  
health by giving Nature a  
chance to build up the wasted and  
diseased tissue. Wine of Cardui regulates  
the menstrual flow and Nature, when  
relieved of the drains or of the poisons  
in the system, makes the functional  
organs strong and healthy again.  
Any woman who is silently suffering  
untold pains because she is too sensitive  
to undergo a physician's examination  
and treatment can find no excuse for  
not securing relief when Wine of Car-  
dui is offered to her. There is no pub-  
licity to deter her. She can take Wine  
of Cardui in the privacy of her home,  
with as much assurance of a final cure  
as though a dozen doctors recommended  
it. Many physicians do recommend  
Wine of Cardui to their patients.  
Why not get a \$1.00 bottle of Wine  
of Cardui from your druggist today?

**WINE of CARDUI** A million suffering women  
have found relief in  
Wine of Cardui.

Miss Walker, who has been sick for some time at St. Josephs hospital, left this afternoon for her home at Evansville, Wis. She was accompanied by Miss Sayles as far as St. Paul.

The Norwegian Danish Young People's Society will give a social and entertainment Saturday evening, Feb. 25th, 1903, at A. M. Opsahl's building on Seventh street, for the benefit of the building fund. Tickets 25 cents.

During the fire at the home of Mr. and Mrs. Schultz night before last George Forsyth while standing on a picket fence slipped and fell, injuring himself quite badly. He will be confined to his home for a few days, but it is not thought the accident will prove fatal.

Saturday will be the last day on which personal property taxes may be paid, and County Treasurer Frater hopes that those who have not paid will not wait until the last day, but will settle at once, so that a rush on Saturday may be avoided. The penalty and interest will be attached after Saturday.

WILL MAKE TEST CASE.

Complaint Served on W. D. McKay Under the Ordinance Applying to Draying on the Streets

This morning a warrant was served on W. D. McKay, charging him with unlawfully draying upon the streets of the city without first having secured a license. The case is brought by City Attorney Fleming on behalf of the Brainerd Teamsters union, who complain that Mr. McKay is hauling wood from the cars in the yard for thirty-five cents a load. The case is to be tried as a test to determine just what the ordinance implies when it refers to draying.

A hearing was called for this afternoon but at the request of Attorney Alderman, who appeared for Mr. McKay, a continuance was granted to Saturday morning at 10 o'clock.

HELD TO THE GRAND JURY.

Joseph Bass and Mrs. Murphy, of Pequot. Confined in County Jail on Charge of Adultery.

Constable Paul Klatte, of Pequot, arrived in the city this noon, having in charge Joseph Bass and Mrs. Murphy, of that town, whom he confined in the county jail on a charge of adultery. The precious pair were arrested yesterday on complaint of the woman's husband and given a preliminary examination before Justice Tracy, of the town of Pequot, who ordered them held to await the action of the grand jury, under bonds of \$500, in default of which they were ordered committed to jail.

Bass is said to be a very tough citizen, being arrested last week and placed under peace bonds for threatening to kill his father.

Harry Wise, the carriage painter is now taking orders for work. He has located at J. H. Rhodes' shop and any one wishing first class work done in his line had better secure estimates from him. MUSIC AND DRAMA.

"UNORNA."

It need scarcely be said that "the play's the thing" when Mrs. Brune appears here at an early date, for while her new play is from the pen of F. Marion Crawford, one of the greatest romancers that live, and the title "Unorna" excites curiosity as to what it is, nevertheless the magnet to draw is undoubtedly that wonderfully endowed woman, Mrs. Brune who, but a few years ago, was unknown to us as Mrs. Brune, but as Minnie Tittell, and had a national reputation as an actress of merit, personality and beauty. Her performance last season as Theodora was ranked with Bernhardt and Duse, and the united press of the country unanimously proclaimed her the American Bernhardt. This season equipped with a splendid new play, an exceptionally strong company, which contains the names of many well known players, and a production said to be most elaborate and handsome, it is safe to predict a packed house for Mrs. Brune in "Unorna."

The company which was to have produced the childrens operetta at the opera house this week will not fill their engagement.

"FAUST"

The story of Faust and Marguerite is so familiar and fascinating to all theatre-goers that the announcement that Lewis Morrison's big production of "Faust" is coming to the Brainerd theatre next Thursday March 5th with a new outfit of scenery and mechanical and electrical effects will be hailed with pleasure.

## GUILTY OF GROSS CARELESSNESS

### Coroner's Jury Returns a Verdict

#### Arraigning Parents of Children Suffocated

### DEATH PURELY ACCIDENTAL.

#### And There was no Criminal Intent

#### --Funeral of Little ones Tomorrow.

As announced yesterday Coroner Osterlund summoned a coroners jury to ascertain and fix the responsibility of the three children who lost their lives in the East Brainerd fire Monday night. The hearing was in Losey & Dean's undertaking room and after the evidence was all submitted, the jury returned the following verdict:

Cause of death, purely accidental by suffocation in absence of all other members of the family except said deceased children. We find no criminal intent whatever on the part of said parents, but think that said parents are chargeable with gross carelessness in leaving said deceased children alone in the house with lamps left burning.

But three witnesses testified before the jury, August Schultz and Frank Slemmer, the parents of the children, and Emil Guse, who so bravely went into the charred building and brought out their bodies. Both Schultz and Slemmer are Germans and hard to understand when speaking English, in fact the latter could only testify through an interpreter. Their testimony was substantially as follows:

#### AUGUST SCHULTZ.

My name is August Schultz. Live at 412, 1st Ave. N. E. Am married, have one child, Augusta, aged 13 months. Saw her last at 9 o'clock last night. We intended to leave our baby at Behme's. We put her to sleep in baby carriage and my wife took her to Behme's. I was getting ready to go to firemen's dance. The baby woke up and my wife stayed from 15 to 20 minutes and brought her back. I told my wife we could not keep her there so put her in our bed. She went sound asleep and we put Amelia Slemmer in bed to sleep with her. They were both soon sound asleep and my wife said they would both sleep better than in strange house. Thought they would be all right for a couple of hours. Mrs. Slemmer did not intend to go out at all. I went around and looked at the stoves. It was not cold and I put the fire out in the heating stoves, and fire was out in the cook stoves. I scratched the coals off and put in the ash pan. This was the big stove in the front room. Must have been after 9 o'clock when my wife went around and looked after things. The house is frame, has 5 rooms, one story high four rooms are end to end, with kitchen to the right side of the second room. The cook stove was in the kitchen. Room occupied by Slemmer was in the rear of kitchen. Big stove was in sitting room. Slemmer's cook stove was in summer kitchen in rear, and is only stove they have. Left one lamp burning on kitchen table, am not sure but my wife left lamp burning on bureau in bed room. Lamp was common standing lamp with no shade, flat burner. Never had any trouble with burner. Mr. Slemmer and wife went ahead of us to dance. When we left all the children were asleep in bed in bedroom. Never left a child in the house except this time. We left at 9 o'clock and got back a little before 12 o'clock. Generally leave light burning all night. We left hall at 12 o'clock. Stopped at Mike Remmel's and got glass of beer. Man on bicycle notified me of fire at my house, and I went there as fast as I could. They told me to go to the corner where the children were all right. When I got there they were dead. The fire seems to have started in Slemmer's room. There was no scorching of bed clothes. The furniture in the front rooms was all right. Back rooms were charred. There was a door by the bed. The wall of back room was not burned through. I had not been drinking during the day. My wife wanted to go home she said, "well are we going now?" Slemmer and I went ahead and stopped at Mike Remmel's. After we went in my wife and Mrs. Slemmer went in back room. Slemmer was to stay at home. I think they got mad because I took my baby to Behme's. I didn't like

to leave children alone, always took them with us. Think that Slemmer either set lamp too close to wall or clothes or that it exploded. The stuff that burned was in Slemmer's rooms and my kitchen and the bed room. All the lamps were cracked to pieces.

Mr. Slemmer testified substantially as above through J. H. Koop, interpreter.

Emil Guse, the man who rescued the bodies, testified as follows:

Heard the alarm about 11:30. Ran down to see what I could do. Some one said there were three little children in the house, so I started to search and found them and brought them out. The hose was not turned on when I went in. It was pretty dark in the room. The fire broke through in the northeast corner. I went in the front door. Happened to put my hand on the bed. Went in on my knees. Took one out and went back after the others. There were signs of life in the two largest children. They struggled some. Did not run across any glass. The fourth room was all ablaze. The most fire was in the two back rooms. Mrs. Behme, I think told me there were children in the house. Was right at the front door when told. Took the oldest one out first. Took two last trip. Boarded with Schultz years ago. They are honest and respectable, never knew them to leave children before. Found the children in bed. Did not notice lamp burning on bureau.

The jury was composed of the six following well known citizens: F. E. Kenny, A. M. Opsahl, J. Carlson, J. H. Koop, J. Martin and P. M. Zakariasen.

The funeral of the children, Amelia and Christina Slemmer, aged 8 and 4 years respectively, and Augusta Schultz, aged 13 months, will take place tomorrow morning from the Catholic church at 10:30. The little ones are lying in morgue at Losey & Deans, and a large number of people have gone to see them. It is a pitiful sight and brings the tears to the eyes of every one viewing them.

## THE MARKETS.

The following range of prices on the Minneapolis market today is furnished by Edwards, Wood & Co:

Wheat—	May	July
Opening	76 1/2	76
Highest	76 1/2	76 1/2
Lowest	76 1/2	76 1/2
Closing	76 1/2	76 1/2

The following are the cash closing prices on the Minneapolis market:

No. 1 Hard	78 1/2
No. 1 Northern	77 1/2 to 77 3/4
No. 2 Northern	76
No. 3 Yellow Corn	41 1/2
No. 3 Corn	40 to 41 1/2
No. 4 Corn	37 to 39
No. 2 White Oats	33 1/2
No. 3 White Oats	33
No. 2 Rye	47 1/2
Barley	42 to 51
Flax cash or to arrive	1.12 1/2

The Chicago closing prices are as follows:

May wheat	70 1/2
July	73 1/2
May Corn	46
July	44 1/2
May Oats	35 1/2

May Pork	17.70
July	17.17
May Lard	9.62
July	9.57
May Ribs	9.70
July	9.57

Wheat—Cables all slightly lower but the net decline did not average equal to our decline of yesterday. Primary receipts under those of a year ago, and while our market opened fractionally lower the weakness did not last long and there seemed to be considerable wheat wanted on the decline.

Corn—Was a strong feature today. The packing interests were the principal buyers. This in a way reflects their belief in higher prices in meats the coming season.

Oats—Oats were a little stronger and closed fractionally above yesterday's prices.

Provisions—Provisions strong and higher.

## AFTER SEVENTEEN LONG, WEARY YEARS

### Thomas Lambert Returns to Claim

#### His First Love, Who is Resident Here.

### ROMANCE ENDS VERY HAPPILY.

#### Did Not Even Know Address of

#### Intended but Went to Home of Her Mother.

The old adage that true love never runs smooth has been exemplified in the case of Mr. Thomas Lambert and Miss Bridget T. O'Brien, who were married at Little Falls day before yesterday, and the history of their lives, as affecting each other, runs like the stories that are written in book form.

Years ago, some twenty years or more, both parties lived in a small hamlet in Canada, where they were born and raised, spending most of their childhood days there, even being playmates at school. Finally the parents of Miss O'Brien left Canada, and in the course of time Mr. Lambert struck out to make a fortune for himself. The families drifted apart and for a long time the one knew nothing about the whereabouts of the other.

Cupid had, however, played well its part during the early lives of the above, and had, unknown to either, took his aim and sent his dart piercing to the heart, and the match just consummated, after twenty long years was made in the little hamlet in Canada.

Mr. Lambert worked hard and finally settled at a small place in North Dakota, called Donnybrook, where the Goddess of fortune smiled with graciousness upon him. There was something lacking, however, in his life and after thinking the matter over seriously decided that he must find out the address and home of his former love, ask her to be his wife and share in his good fortunes, and return with him to the little village in North Dakota.

After some difficulty he located Miss O'Brien's mother at Little Falls and a brother at Rapid. He came east and proceeded to their homes. A few days ago Miss O'Brien who has been a resident of this city for many years, received a telegram from Randall asking her to come to Little Falls at once. The message was signed by her old love, Thomas Lambert. She responded and the next train carried her to the Gold Dust city where the old lovers of twenty years ago met and were reunited. He proposed marriage and was gladly accepted. They were married at once and left yesterday on the coast train for their new home at Donnybrook.

Miss O'Brien has a large circle of friends in this city. She has been a dressmaker here for years and made her home with Mr. and Mrs. E. W. Lynch. Her husband is fifty years of age and Miss O'Brien is forty.

This is the statement of a Brainerd citizen.

You can readily investigate it. The proof should convince you.

Mr. W. S. Benjamin, practical band gang and rotary filler, of 71 Third Ave., East Brainerd, says: "Doan's Kidney Pills did me so much good that I prevailed on many others to use them, and I know many cases where benefit has resulted. I had more or less pain and the renal secretions were acid in nature, thereby causing me considerable distress. I got a supply of Doan's Kidney Pills from a drug store, and can state that they had the effect of completely altering the condition of my kidneys referred to above. I shall certainly continue to advise others to use this remedy if annoyed in any way from their kidneys."

**Prophetic Dreams.**

The belief in prophetic dreams is not entirely a superstition, according to the results obtained by two members of the French Institute. They point out that at night when the senses are at rest the brain is affected particularly by organic feelings in various parts of the body and that early symptoms of advancing diseases give a particular direction to the dreams. A familiar instance is nightmare, which indicates a dyspeptic condition. Immoderate drinkers see rats, snakes and insects in their dreams before the actual outbreak of delirium tremens, and so on.

**CHICAGO TEAM LEADS.**

O'Learys Take First Place in Bowling Tournament.

Indianapolis, Feb. 25.—The O'Learys of Chicago wrested the high score for five men from the Tishimings of Indianapolis in the afternoon in the national bowling tournament, when they rolled a total of 2,809 pins for three games and also established a high tournament record. The Carl Richers, another team from Chicago, also passed the Tishimings, the record holders of the previous night, they making 2,798 pins in three games. The O'Leary club is backed by James O'Leary and is one of the strongest teams in Chicago. The first game it rolled was good, but in the second it fell below 900 and at the finish came in with a score of 1,035, which is the first one thousand score ever rolled in a national tournament.

**The Mountain View Route.**

This is what the Northern Pacific—Shasta, or Shasta—Northern Pacific Route—it reads as well backward as forward—may well be called.

The route takes its name from Mt. Shasta in northern California. This white, snow capped peak, at the foot of which the Shasta route winds, is 14,350 feet high. The mountain is in plain view for several hours from the train and its distance from the track varies from twelve to seventy-five miles.

The beautiful scenery of the Sacramento river at the base of Shasta, is connected with this route only. Castle Crags, Mossbrae Falls and the natural twin soda fountains at Shasta Springs are scenic gems.

The crossing of the Siskiyou range furnishes the par excellence of railway mountain scenery and observation cars are furnished there free of charge. Then in succession comes Mts. Jefferson, Hood—a beautiful mountain—St. Helens, Rainier—14,532 feet high—and Adams, all former active volcanoes and now covered with glaciers.

From Portland a steamboat ride trip up the noble Columbia river to the Cascades and Dalles enables the tourist to see a river, palisades, waterfalls and mountains far surpassing anything the Hudson can show.

An opportunity is also given to visit Tacoma, Seattle, Victoria, Vancouver and the Puget Sound region.

Then follow the cascade range and the Rockies, and best of all, a stop can be made at Yellowstone Park.

This line traverses the finest scenic region of the United States—don't forget it, and see that your return tickets home from California read around this way.

The train service between Portland and the Puget Sound country, and Duluth, Minneapolis and St. Paul via Spokane, Butte and Helena, is unsurpassed, including through trains daily, one of which is the noted "North Coast Limited."

## WITHIN SIX MONTHS

### ARBITRATION COURT TO RENDER DECISION IN THAT PERIOD AFTER MEETING.

#### PROPOSED BY MR. BOWEN

Tribunal Will Begin Consideration in September of the Question of Preferential Treatment in Matter of Venezuelan Claims—May Pro Rate the Charges Incidental to Arbitration According to Amount of Claims.

Washington, Feb. 25.—A feature of the protocol for sending the question of preferential treatment to The Hague as proposed by Mr. Bowen is that the court of arbitration is to begin the consideration of the question on Sept. 1, and that its decision shall be rendered within six months. The court, he proposes, shall decide when, how and by whom the costs of the arbitration are to be paid. The presumption is by Sept. 1 all the mixed commissions which are to sit at Caracas and adjudicate the claims of the various nations, will have passed on all the claims presented. The claims of some of the nations are small, one of them being as low as \$20,000, and the suggestion is that The Hague court in view of this fact

May Pro Rate the Charges Incidental to the arbitration according to the amount of the claims allowed, instead of assessing each one an equal amount. Mr. Bowen thinks that the proceedings before the court should be short and simple, and believes in limiting the legal representatives to a very few number of persons.

Mr. Bowen has received a dispatch from Caracas saying the German commander had returned to Venezuela the warship Restaurador, which he been taken during the blockade. He also has been informed that the Germans and Italians had returned to the Venezuelans various small vessels, fishing smacks, etc., captured during the blockade.

#### CZAR TO NAME THEM.

Mr. Bowen's Proposition for Venezuelan Arbitrators.

Washington, Feb. 25.—Mr. Bowen, the Venezuelan plenipotentiary, has proposed to the allies that the czar of Russia be asked to name the three arbitrators who, as The Hague tribunal, shall decide the question of preferential treatment. The suggestion has been approved by the state department.

#### SYSTEMATIC ROBBERY.

New York Ballboys Had Elaborate Plan to Loot Hotels.

New York, Feb. 25.—The police announced during the day that they had secured a confession from Louis F. Messier, the eighteen-year-old bellboy, who was arrested Monday charged with robbing hotels. The confession, they say, shows that Messier and Cullen, another bellboy, who was arrested with Messier, had planned to rob hotels all over the country.

Maps and diagrams of the interior of the hotels, the names of prominent guests who made a habit of stopping in them and a synopsis, written in short hand under the name of each hotel describing its plan were found on both the prisoners.

#### Planned European Trip.

A route of the coronation procession of King Edward with the names of prominent Americans present and lists of the jewelry worn by them at the celebration was also found in a trunk in the prisoners' rooms.

In his confession Messier is said to have told the police that the "grit" in America had been so good that the trip to Europe had been abandoned. The third bellboy was discharged by the magistrate. He is now assisting the police in looking for a woman, who is alleged, disposed of the stolen jewelry. It is said that Messier and Cullen secured \$10,000 in property from hotels and clubs in New York.

#### HAVANA CELEBRATES.

Cuban City Observes Anniversary of the Uprising at Balra.

Havana, Feb. 25.—The eighth anniversary of the uprising at Balra, which was the beginning of the Cuban revolution against Spanish rule which finally resulted in Cuba's freedom was gaily celebrated in Havana during the day. The day was also the climax of the carnival season, rain having previously interfered with the festivities. Business was suspended and the streets and buildings were everywhere decorated with flags. Salutes were fired by the fortresses and the newly presented flags were hoisted on Morro castle.

In the afternoon a lengthy procession of vehicles wound around the Prado and Central park, carrying revellers masked and otherwise, belonging to all grades of society, who pelted one another with serpentine until the horses and vehicles, the fronts of the clubs and hotels and some residences were a mass of multi-colored streamers. The sport continued until late at night.

#### PLOW PLANT DAMAGED.

Fire at Racine Caused by Spontaneous Combustion.

Racine, Wis., Feb. 25.—Fire in the plant of the J. L. Case Plow company did damage to the extent of \$100,000 before it was gotten under control. The loss is covered by insurance. The blaze is supposed to have started from spontaneous combustion among the oils and paints in the finishing department on the first floor. The fire department prevented the spread of the fire to the machine shops and warehouse.

#### INDIANA TRAGEDY.

Young Man Kills His Father and Wounds Mother and Sister.

Frankfort, Ind., Feb. 25.—Edward Woods, the seventeen-year-old son of a prominent farmer, several miles north of here, killed his father, shot and fatally wounded his mother and sister and then committed suicide. The motive for the crime is not known. After the shooting the young man went to the home of a neighbor and said that robbers had entered the Woods home and killed his father, mother and sister and that he escaped after a running battle with the desperadoes. He was apparently greatly excited and said he was organizing a posse to pursue his father's slayers. The boy then continued on his way toward this city and stopping at the next house, told the same story. When he was questioned concerning the shooting he became confused and resented the inquisitiveness of the farmer to whom he told the story. Young Woods said he had no time for further words, as he had to run down the robbers, and he started toward the barnyard at the farmer's home. After the shot was heard, and the farmer to whom the boy had been talking but a moment before hastened to the barn, to find the youth with a bullet through his breast.

#### WINS FIRST SKIRMISH.

Mrs. Fairbanks After Re-Election in Daughters of Revolution.

Washington, Feb. 25.—The first skirmish in the campaign for president general began at the outset of the day's session of the national society of the Daughters of the American Revolution. Immediately after the conclusion of the routine business the proposed amendments to the constitution were taken up. The first amendment proposed was that of Mrs. Katherine R. Wolcott Verplanck, state regent of New York, to add to article 4, section 1, the words, "except the president general, who shall not hold the same office for more than two terms successively."

This amendment was designed to make Mrs. Fairbanks, the present president general, eligible for re-election. Its acceptance was moved by Miss Miller of the District of Columbia and seconded by Mrs. Murphy of Cincinnati.

The amendment was passed by a vote of 443 to 68.

#### AGAIN SNOWBOUND.

Trains in New Foundland Unable to Reach Destinations.

St. Johns, N. F., Feb. 25.—The belated express trains are again snow-bound. One train, after making sixty miles in the direction of St. Johns, Monday, found further progress impossible and was sent back ten miles to a divisional point, where supplies of food and coal are stored, which will enable it to remain a long period without causing anxiety.

The other train on the western side of the plateau in the middle interior was unable to retreat to the settlement of the Bayo Islands as had been planned.

## MERRY FIGHT IN VIEW

#### INDICATIONS POINT TO HOT BATTLE OVER ANTI-VACCINATION BILL IN SENATE.

MEASURE IN HOUSE SURROUNDS PRACTICE OF OSTEOPATHY WITH SAFEGUARDS.

St. Paul, Feb. 25.—The anti-vaccinationists will have their long-looked-for chance to present their case in the state senate. It will be one of the hottest battles of the session from all indications.

The public health committee had reported the Hardy anti-vaccination bill for indefinite postponement. Senator Thompson got up and moved that the bill be printed and put on general orders, as he wanted to hear it discussed.

"There is a growing sentiment," said Mr. Thompson, "that compulsory vaccination is wrong. Many of our best doctors disagree with it. It has been done away with in many cities. On this account it would be well for us to have this matter discussed that we may get all the information possible from both sides."

Dr. Cole, senator from Otter Tail, said: "I am heartily and entirely in favor of compulsory vaccination, but I also believe with the gentleman from Fillmore that we ought to hear the subject discussed from all sides, and I hope it will go on general orders."

Senator Hiler Horton of St. Paul made a vigorous speech on the proposition. He said in part:

"I doubt myself if it is right for a citizen to be subject to assault by doctors who insist that they will shoot the dope into him. There is no state but Minnesota which has compulsory vaccination legislation without any qualification. Under our laws we have no protection for our helpless children against these men of medicine who are rampant with the vaccine."

#### Will Be Generally Discussed.

The senate by an almost unanimous vote ordered the bill printed and placed on general orders, thus opening it up to general discussion.

Senator Lord's resolution to adjourn on April 2 is not likely to meet with hearty support in the senate.

He called it up in the morning only to have it tumbled.

Senator Torsen during the day introduced one of the largest and most complete bills ever introduced into the legislature. It practically establishes the method of operation for an entire department of the state government. It is called "A bill to prohibit the sale of unhealthy and adulterated food products," and amends all existing laws on the subject.

To begin with, it adds the word "food products" to the old act, which provided only for the prevention of adulteration of "dairy products," thus enlarging the scope of the dairy and food department.

The dairy commissioner, it is declared, shall be a practical dairyman. The bill enlarges the department's authority to include dining cars, eating houses, hospitals, lumber and railroad camps.

It provides further—one of the most needed provisions—that no milk or cream shall be kept in any form, or in any house attached to a barn or stable in which cows or other animals are kept, or in any place where bad odors exist.

It provides also that all dairy or creamery butter that shall contain more than 10 per cent of water shall be deemed adulterated.

All cream must be pasteurized before being sold.

The bill gives the dairy commissioner power to revoke or refuse licenses.

#### PRACTICE OF OSTEOPATHY.

Bill in the House to Surround It With Safeguards.

A bill was introduced in the house in the morning by Representative Stevenson which, if it becomes a law, will surround the practice of osteopathy with the same safeguards now thrown about the two older schools of medicine. The bill provides for a state board of five osteopathic examiners, to be appointed by the governor, each member to be a graduate of a legally chartered school of osteopathy and a resident, practicing osteopath in good standing. No member, however, to be interested financially or as a member of the faculty, in any osteopathic school. Appointment is to be for five years. The board is to issue licenses and may hold examinations to determine the eligibility of applicants. It may also revoke licenses for unprofessional conduct. The bill declares the practice of osteopathy without a license to be a misdemeanor, punishable by a fine of from \$50 to \$100 or imprisonment for from thirty days to six months or both. The osteopathy license does not authorize practitioners to practice drugs for internal use, nor to perform major surgical operations.

**Soldiers' Home Appropriation.**  
Mr. Helliswell introduced a bill to appropriate \$28,186 for various purposes at the Soldiers' home.

Mr. Hugo of Duluth secured a postponement of his special assessment bill, which had been made a special order for Wednesday afternoon, for two weeks. The reason given was that Mr. Fryberger's gross earnings bill covered the same subject, and he wanted to see what disposition would be made of it before bringing his own bill to a vote. The fact is, Mr. Hugo prefers the Fryberger bill to his own.

Legal authorities at the state capitol say that the special assessment clause in Mr. Fryberger's gross earnings bill is clearly unconstitutional.

At the afternoon session of the committee of the whole Nyquist laid for Deming and at the conclusion of the latter's speech in advocacy of the 4 per cent rate of interest on school contracts, moved for indefinite postponement and was successful.
